

IRADIMED
Innovators in MRI Patient Care

Finally, An MRI Monitor That Adapts To *Your* Workflow

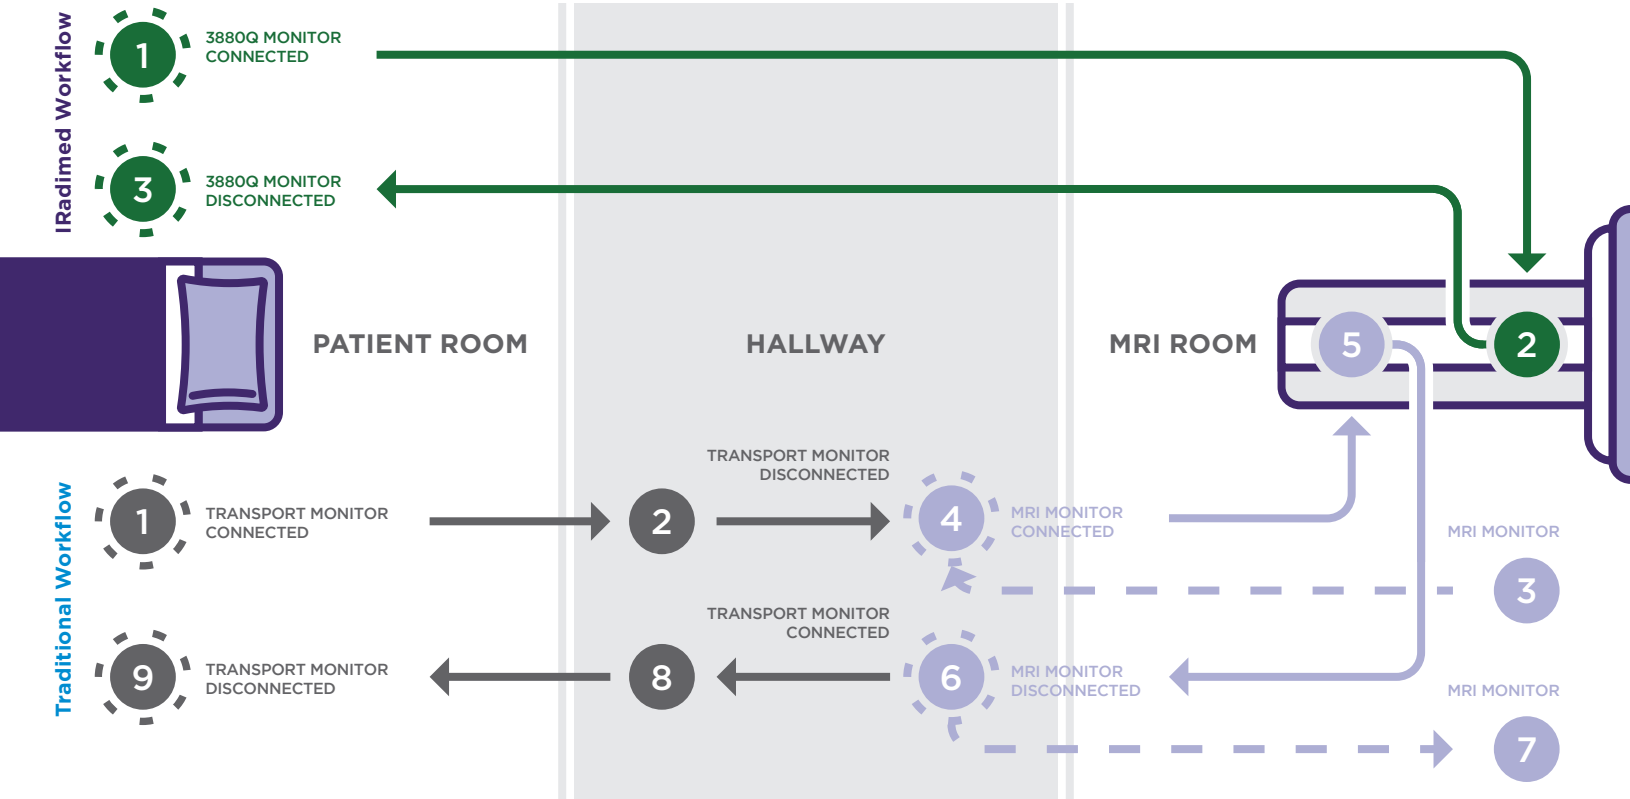

- Ⓜ Non-Magnetic Safety
- 📄 Simplified Battery Management
- ✍ Lightweight & Portable
- 📶 Superior Wireless Reliability

Disclaimer: This brochure has been originally created by the Manufacturer (Iradimed) and has not been altered by the Distributor (Imaxeon)

IRadimed Simplifies Your MRI Workflow Challenges

NON-MAGNETIC RELIABILITY

Non-magnetic design allows MRI scanner-side monitoring without the risk or compromising accuracy, reliability, or durability.

COMPACT DESIGN

3880Q's small, lightweight, and portable size increase MRI efficiency while decreasing the amount of time patients are away from their care unit.

INTEGRATED BATTERY MANAGEMENT

Integrated ECG, SpO2, and IBP POD charging bays eliminate the need to find space for external chargers and managing battery swaps.
